**Judge: Ms. Beckie Cozart**

My husband, Diz, and I bought our first Bloodhound in the late 1970s.

We had admired Bloodhounds for several years before making the plunge...and never looked back.

They became our first loves in the dog kingdom in a very short time.... maybe 10 minutes!

We exhibited a little, then bred a little under the kennel name of Be-Coz. Our one claim to fame came in 1986 when we whelped the world's first Bloodhound litter conceived using frozen semen. That litter produced 8 males and one bitch. The "Ice" litter is one that we are very proud of and was the foundation we built on over the following years.

We have been without a Bloodhound now for several years...not by "our" choice, but because Father Time marches on. We have great memories of great Bloodhounds, great owners and great friends....all there because of this wonderful breed of dog known as "The Bloodhound".
